Application Purpose

Item 2 You must indicate the purpose for which the application is being filed by inserting the appropriate two-letter abbreviation from the following list. Only one purpose may be specified. For the General Mobile Radio Service [GMRS], effective January 1, 1989, 'new' or 'major modifications' may not be filed by business applicants/licensees.

NE - New: To request a new license. This purpose should only be used for initial applications. A change in vessel or aircraft constitutes a need for a new license. Amateur applications with the purpose of NEW must be filed by a Volunteer Examiner Coordinator. **NOTE: SHIP EXEMPTION REQUESTS (SCHEDULE G) SHOULD BE FILED AS NEW AND PROVIDE CALL SIGN IN ITEM 5.**

MD - Modification: To request a change in the conditions of any data for a license during the term of that license. Use Item 5 to provide the call sign (serial number for Commercial Operator License) of the affected station. The appropriate schedule must be completed and attached, and must accurately describe the data that has been modified. See applicable Commission rules. Choose purpose MD if you are requesting consolidation of DO and DM (Commercial Operator).

Note: After a license is modified, the FCC will issue a new license and previous versions of the license will no longer be valid, regardless of the expiration date shown. License terms will not be extended as a result of an application for Modification.

Note: If the only changes desired are to administrative data, use the Administrative Update purpose instead of Modification (see Administrative Update purpose below for further description of administrative updates).

RM - Renewal/Modification: To renew (within the specified renewal time frame, must be filed no later than expiration date of the authorization and no sooner than 90 days prior to expiration date) an existing authorization and request a change in the conditions for that authorization. Use Item 5 to provide the call sign (serial number for Commercial Operator License) of the affected station. The appropriate schedule must be completed and attached, and must accurately reflect the data that has been modified. If you wish to consolidate DO and DM (Commercial Operator) licenses and renew at the same time, choose purpose RM.
